NOTIFICATION

This is to inform the general public that all old off-road vehicles and other scrap materials must be removed within one (1) month from the date of issuance of this notice.

Failure to comply will result in the Thromde Administration proceeding with the auction of the remaining materials on an "as-is, where-is" basis, without further notice.

All concerned owners are therefore advised to remove their materials within the stipulated time frame.

As the Thromde is currently transitioning to GMC, it is the collective responsibility of every individual to help maintain the cleanliness and proper management of the town.
